

Penny Black

Project Guide

Designer: Judy Jung

Products used:

51-416 Stitched Stackers die

51-348 The Graduate die

51-439 Congratulations die

Artist Notes:

May is graduation month in many parts of the world. Here I've used the [Congratulations](#) die and the [Graduate](#) die to create the focus of my card. I used the black and white color combo, adding a touch of gold for the tassel. This would be a great opportunity to use the graduate's school colors. There is room to add "18" up in the corner but I didn't think of that when making the card. Good to have options!
