

Penny Black

Project Guide

Designer: **Judy Jung**

Products used:

30-476 Branch of Love clear set

51-416 Stitched Stackers die

51-428 Floral Arrangements

Artist Notes:

The **Floral Arrangement** die is one of my all time favorites and I was excited to cut it out of white cardstock and attach it to a kraft card base. You could create your own colored card base using ink and a blending tool, but the kraft and white combination is always pleasing to the eye. I put tiny drops of Nuvo drops on the white flowers to add some depth. This is a very easy, but elegant card that would be suitable for many occasions.
