Project Guide

Designer: Patti Kehl

Products used:

Stitched Stackers dies 51-416

Choose Happy clear set 30-464

Instructions:

A large beautiful sentiment makes a great focal point for a clean and simple card design. To give the card a finished look, add a die cut frame around the sentiment. Cut an extra frame from fun foam/craft foam. Layer it with the cardstock frame for a look that really "pops!"
