

Penny Black

Project Guide

Designer: JUDY JUNG

Products used:

30-466 Birthday Critters clear set

51-033 Silver Linings die

51-416 Stitched Stackers die

51-439 Congratulation die

Artist Notes:

This little mouse from the [Birthday Critters](#) set is enjoying pushing off from the [Congratulation](#) die cut, heading for the clouds. Kraft paper is a good starting point for the masculine cards we have to make. It's fun to use colored pencils on kraft and the pop of white adds brightness. That [Congratulation](#) die will be put to good use during graduation and wedding season this year.
