

Penny Black

Project Guide

Designer: Birgit Edblom

Products used:

30-484 Tranquility clear set

51-410 Frames die

Artist Notes:

Design Details: Stamp and paint the floral image on Waterford High White HP Watercolor Paper twice using Daniel Smith Watercolors. Die cut the frame three times on a piece of cardstock and glue it to the painted vase. Die cut three more frames and glue them on top of the others for added dimension. Add framed portions of the floral panel to notecard. Fussy cut the upper part of the flowers from the second painted floral panel and adhere them on top of the others, allowing the edges to extend beyond the frame. Stamp sentiment with light grey Archival ink.
