Artist Notes:

Why I waited so long to use this stamp from the [Sublime](#) clear set, I don't know. I used a light touch with my Copic markers and before I knew it, the image was colored. I trimmed my cardstock using the [Ribbon Stackers](#) die and the sentiment is stamped on a smaller die from that set which is large enough for some of the medium sentiments, always a good thing. Since we are creative people expressing ourselves in art, we can color any bird any colors we choose. No stress, just joy.
